

Weather Impacted Learning Days

ZM School District has adopted a new emergency closing program to replace lost school days, due to weather, with learning days. This program is called "WILD Days" (Weather Impacted Learning Days). This program will eliminate the need to add additional days onto the end of the school year or take away previously scheduled vacation days. If you have any questions your child's teacher will be available by email throughout the day.

If your child is scheduled to attend preschool and a snow day happens, please return this handout to your child's teacher on the next day your child comes to school.

** The first emergency closing day is considered a "freebie" and there will be no WILD activities required that day. **
